Summary

Results-driven Frontend Web Developer with a Master of Computer Applications (MCA) and expertise in architecting high-performance, dynamic web applications using React, Next.js, and Vite.

Experience

Project Executive | Sentriscopes Data Intelligence Nov 2024 – Nov 2025

- Served as the critical bridge between the project manager and internal technical teams, translating requirements into actionable technical tasks to ensure seamless project delivery from concept to completion.
- Managed full-lifecycle projects, proactively identifying and mitigating risks to maintain strict quality control, **ensuring 100% on-time delivery**.
- Directed cross-functional communication and fostered continuous process improvements across departments utilizing enterprise project management software.

Web Developer | IHO Digital Jan 2026 – Present

- Architect and maintain dynamic, high-performance web applications using React, Next.js, and modern JavaScript.
- Translate complex design mockups into fully responsive, luxury-aesthetic user interfaces utilizing HTML, CSS, and Tailwind CSS, **consistently achieving 90+ Lighthouse performance scores**.
- Develop immersive, luxury-aesthetic web experiences by implementing advanced visual effects, 3D animations, and interactive elements utilizing GSAP and Framer Motion.
- Manage domain configurations, cPanel server setups, and Cloudflare SSL security, successfully executing complex 301 redirection plans for Vite React applications during site migrations.

Skills

- **Languages:** JavaScript, Java, C (Basic), HTML5, CSS3
- **Frameworks & Libraries:** React, Next.js, Astro, Tailwind CSS, GSAP, Framer Motion
- **Tools & Platforms:** Git, GitLab, VS Code, Figma, cPanel, Cloudflare, Vite, Blender, Mixamo, Avaturn
- **Databases:** MySQL

Certifications

- Meta Front-End Developer Professional Certificate (Coursera)
Coursework: HTML, CSS, and JavaScript for Web Developers; Introduction to Front-End Development; Programming with JavaScript; HTML and CSS in Depth.

Leadership & Extracurriculars

- **Event Coordinator, Aaghaaz Technical Festival:** Directed logistics and execution, driving high participant engagement and positive feedback.

Projects

Shrija Furniture | React, Vite, Tailwind CSS, GSAP, Framer Motion

Live URL: <https://shrijafurniture.vercel.app/>

- Developed a high-end, responsive web application for a furniture brand, focusing on luxury aesthetics and modern interactive UI design.

- Implemented advanced visual effects, including smooth scrolling and dynamic component animations, utilizing GSAP and Framer Motion to maximize user engagement.

IHO Digital Corporate Website | React, Vite, Tailwind CSS

Live URL: <https://iho-main.vercel.app/>

- Architected and developed the main corporate web application for IHO Digital, focusing on high performance, cross-browser compatibility, and optimal load times.
- Integrated dynamic UI components and modern, fully responsive layouts to elevate the brand's digital presence and streamline the user experience.

Jewelry E-commerce Store | React, Tailwind CSS, Context API

Live URL: <https://jewelry-store-pi.vercel.app/>

- Engineered a seamless, modern e-commerce storefront for a luxury jewelry brand, prioritizing an intuitive user experience across all devices.
- Structured highly reusable UI components to ensure codebase scalability and streamlined future feature integrations.

Education

- **Master of Computer Applications (MCA)**
- IMS Engineering College, Ghaziabad (AKTU) | 2022 – 2024
- **Relevant Coursework:** Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), Cloud Computing, Computer Networks, Database Management System, Artificial Intelligence, Software Engineering
- **Bachelor of Science (BSc), Biotechnology**
- HIMT, Greater Noida (CCSU) | 2019 – 2022
